Cleaning basin type 20550-2w Outstanding in design and operation

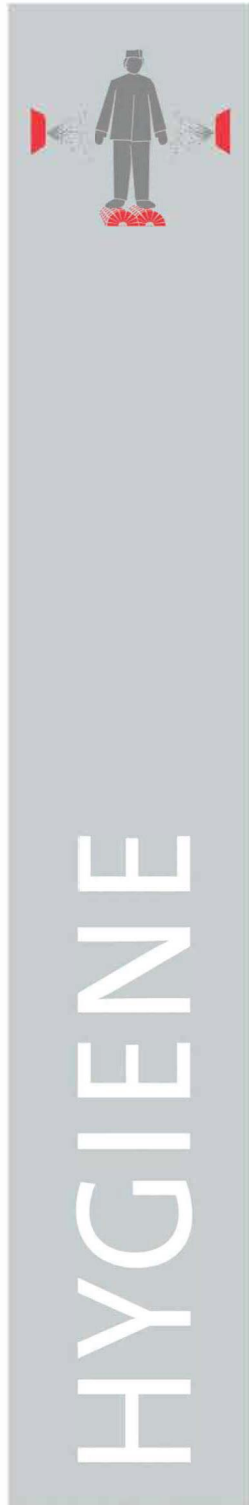

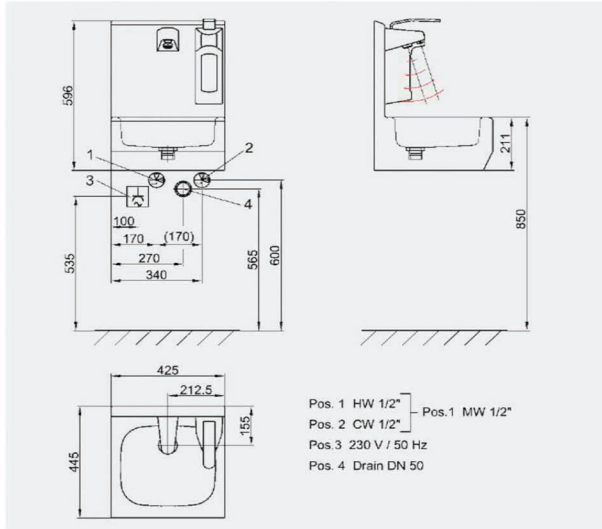

Photo 1

Photo 2

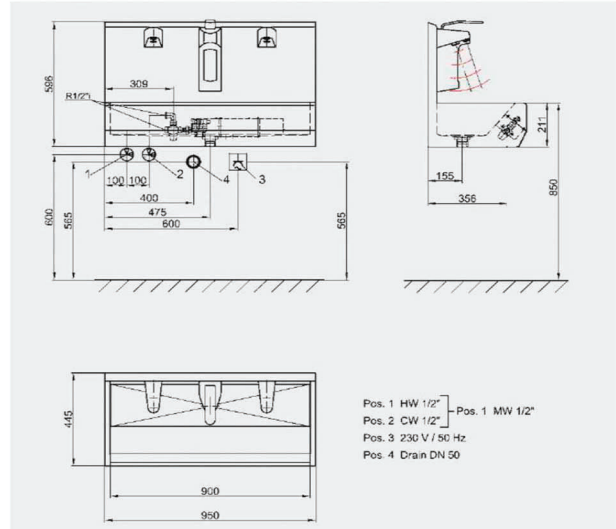

Hand hygiene is total hygiene

Technical data	Cleaning basin type 20550
Measurements outside:	D x W x H = 445 x 425 x 596 mm
Faucet:	Stainless steel version with integrated sensor
Drain valve:	R 1 1/2"
Thermo-mixing valve: (option):	1/2", continuously adjustable from 35 - 65° C
Soap and disinfectant dispenser (option):	made of plastic or stainless steel
Power supply:	230 V, 50 - 60 Hz
Voltage:	24 V DC
Option:	Battery control 9 V DC

Technical changes subject to alterations.

Cleaning basin type 20550 is completely equipped with internal pipework and can directly be put into operation (connection and mains plug included). Check valves, siphon, sealing and small parts, however, do not belong to the delivery.

Technical data	Cleaning basin type 20550-2 W
Measurements outside:	D x W x H = 445 x 950 x 596 mm
Faucet:	Stainless steel version with integrated sensor
Drain valve:	R 1 1/2"
Thermo-mixing valve: (option):	1/2", continuously adjustable from 35 - 65° C
Soap and disinfectant dispenser (option):	made of plastic or stainless steel
Power supply:	230 V, 50 - 60 Hz
Voltage:	24 V DC
Option:	Battery control 9 V DC

Technical changes subject to alterations.

Cleaning trough type 20550-2W is completely equipped with internal pipework and can directly be put into operation (connection and mains plug included). Check valves, siphon, sealing and small parts, however, do not belong to the delivery.

more than Hygiene
